The Dy Commr was asked in this office letter No 5543 Dy 6-11-46 to state whether the area comprised in s Nos 423/1 & 428/1 is within the ML limits & if so to obtain and forward the opinion of the ML CL in the matter

The ML CL have at their meeting held on 21-12-46 resolved that the ML CL has no concern in the matter

It is reported that the Dist has stated that except a portion of s No 428/1 all other buildings and lanes are within the ML limits

In view of the large sums of money invested in the construction of the buildings & the formation of roads, the Dy Commr recommends that the extension may be named Lakshmipura etc

He further states that the quarters constructed in the area would help those who are in need of houses to live in Certain Concessions are also stated to have been allowed to persons who come forward to construct quarters (He has not said what those Concessions are)

As some of the buildings are within the ML limits and some are outside the ML limits it is a point for orders as to how the extension could be called by the proposed name

The DC considers the request to be quite reasonable as the DC have not received any objections or arguments against making the extension as Lakshmipuram. 17) Under sec 55 (K) of the Bombay Municipal Act 33, it is the obligatory duty of the Municipal Council to provide for the naming of streets & numbering of houses. The word "street" has been defined in sec 3 (18) of the Act

18 In Bombay Municipal Corporation also, it is the Municipal Commissioner that takes action to name a street, a road, a square a lane or an extension Even in the case of private roads this view has been held in the case of the Salsette. Thus if any one proposes the naming of a square at the entrance to the drive as Fountain Chowk A reply was sent to the Deputy Municipal Commissioner to intimate the party that the Municipal Council is competent to name the square as Fountain Chowk & that no order of Court are necessary

Re: Regarding the extension in Basaik road to Mosque, Lascar pump etc

---

With reference to your letter No.L.554/ dated 11.1.1940 enquiring whether the road is vested in the Municipality or not and to furnish the opinion of the Municipal Council in the matter, I have the honour to forward herewith a copy of the resolution dated 31.1.1941 stating that the Municipal Council has no objection to the proposal. The President has stated that except a portion of Sy.No.42/1 all other buildings and lanes are within the Municipal limits.

The applicants have intended a lane adjacent to the compound of houses on the lands alienated in their favour by the Municipal authorities with a view to provide an alternate official road for the purposing great difficulty to secure houses in Basaik road. For such purposes certain concessions are also allowed by Government to encourage those coming forward to construct quarters. The resolution of the Municipal Council is not objectionable and they have not furnished any objections and comments against the extension applied for. The lay out of this extension has also been approved by the Executive Engineer. In the above circumstances the extension may be permitted to be named as Lakshmipura and also the road as desired by the applicants. The plan of the building is also enclosed.

I have the honour to be,
Sir,

Deputy Commissioner,
